

## INTEROFFICE MEMORANDUM

DATE: 29 April 1969

SUBJECT: Minutes of PDP-11 Design Review Meeting 24 April 1969

TO: PDP-11 Design Review Committee FROM: Jerry Butler  
CC: N. Mazzaresse  
R. Cady

Those present: R. Cady, A. Kotok, G. Saviers, H. Spencer, G. Fligg, D. Dubay, I. Morris, D. Best.

The committee discussed the newest PDP-11 architecture with respect to addressing. It was felt that additional documentation should be provided by Roger Cady, in order to successfully evaluate the new machine.

Roger was asked to provide the following additional information:

1. Sample program routines (per last minutes)
2. PDP-11, PDP-8, NOVA Bench marks
3. Address calculation flow chart

Next week the committee will again cover the addressing topic and will go on to the instruction set.
