

February 3-5, 1984

theatres... all this and more, without leaving the MGM Grand.

But should you venture out, Reno is a city filled with fun, excitement and recreation. And Lake Tahoe is just up the road.

Enclosed is information about how to obtain special rates at the MGM Grand as a participant in Sage Faire '84, and airline discount information for your flight to Reno.

THE FAIRE

As you've learned, Sage Faire '84 is a gathering of some of the best brains in the computer business. And they're coming to Reno for just one reason: to give you a piece of their minds. You'll learn more in just 3 days at Sage Faire '84 than you could learn in months on your own. Don't miss this opportunity to stay a step ahead in the computer race. Attend Sage Faire '84, February 3-5, in Reno.

If you require further information, or would like the answers to some questions, call or write:

THE FAIRE

For 3 days in February, Sage Faire '84 gives you an opportunity to learn about high performance superminis; computer technology is going.

Some of the finest minds in the computer business will tell you what's happening, and more important, what it's about to happen.

A series of meetings, discussions and exhibits will teach you what's going on in software development, microprocessor technology, new and improved operating systems, the superminis, and sales and marketing.

And it all takes place in the fun atmosphere of the MGM Grand Hotel and Casino in Reno, Nevada. Make plans to attend Sage Faire '84, February 2-5. It's your chance for a meeting of the minds with the best bases in the computer business.

THE SPEAKERS

Sage Faire '84 has assembled an impressive list of guest speakers from some of the leading edge organizations in computer technology. Each presentation promises to be filled with useful facts and information.

Walter Andrews, President, IBM Inc.

Edward M. Pincus, President, Advanced Case Institute

William Tyle, Project Manager, Digital Research

Philip A. VanCleave, Director, IBM, Microsystems

Thomas H. Weida, Principal, Information Systems, Inc.

THE EXHIBITORS

Each day during the Faire (Friday from 11 am until 5 pm and Saturday and Sunday from 9 am until 5 pm) an exhibit hall will be open allowing you to see demonstrations of the latest developments in software, peripherals and other computer-related exhibits. The exhibit hall at Sage Faire '84 will be organized like an open office, so you can see and use products in a realistic environment. To date, these exhibitors will be present at the Faire:

Advanced Data Institute
AI Computer
BGS National
Contra
Digital Research
Evan
Fortnight Systems
Fortnight Engineering
Intersoft
Intersoft Software
IBM, Microsoft, CDC
Lark
Logos Systems
Mansell
Pace Software
Sage Computer
Software
State Of The Art
Total Control Products
Transcom Systems
Lilliput System Users Group
Vulture

THE SPONSOR

Sage Computer, sponsor of Sage Faire '84, is one of the fastest growing companies in the computer business. Through aggressive product development, Sage is leading the way into a new market for 66000 superminis... computers with the speed and power of a mini at a mini size and price.

The Sage power, accelerated by introducing the big part of

In addition, Sage will provide a Sage minis, with floppy drive, RAM. From the computer system, Timesheet, Word Processor, Terminal, it's same fast, it free, just play the speakers, it's not stop

The Sage III, our newest computer, takes power, speed and capacity into areas untouched by others. News-making new product introductions by Sage Computer will also be a big part of Sage Faire '94.

In addition, Sage Computer will offer as a door prize a Sage II super-mini, with two 540K floppy drives and 512K RAM. Free software with the computer includes the p-System Operating System, Timberline Spreadsheet, Word T Word Processor and a Sage terminal. Retail value of all this is \$2790, but some lucky participants at Sage Faire '94 will get it free, just for attending Sage Faire '94. (Employees of Sage Computer and their families, speakers, exhibitors and members of the press are not eligible).

THE USERS

USUG, the p-System users group, will be an important part of Sage Faire '94. USUG is one of our exhibitors and the president of the group, Bob Peterson, is one of our speakers. Also, Sage Faire '94 will be the starting point for a Sage Computer users group. As Sage Computers become more prevalent in the market, the exchange of information through the users group will make Sage Computers better, more useful tools for users.

THE PLACE

Sage Faire '94 will be held at the MGM Grand Hotel and Casino in Reno, Nevada. And grand is the word to describe the MGM. You'll be surrounded by the action of the largest casino in the world. Or the quiet and luxury of over 2000 guest rooms.

See Don Adams' spectacular stage show "Hello Hollywood, Hello!" on the world's largest stage, or stroll through the Grand Arcade... a shopping mall with 48 shops. Play tennis, racquetball, or bowl one of 50 lanes. Dine in seven restaurants, after seeing a movie at one of two

The cost of attending Sage Faire '94 is just \$100 if you mail this form. If it's your register at the Faire. Be sure to make your reservations and travel arrangements as well. This form is just for Faire registration. They're looking forward to seeing you at Sage Faire '94.
