SUBJECT : ADD TO THE NOTICE ON HAND DEGAUSS

SECTION 4 ADJUSTMENTS

- Landing Fine Adjustment (See page 21)

Note: Hand degauss must be used on stand-by or power-off condition.

This model has an automatic earth magnetism correction function by using an earth magnetism sensor and a LCC coil. When using a hand degauss while monitor (LCC coil) is being operated, it sometimes gets magnetized, and the system may not work properly as a result.
